2. TEACHER LIFT ONLY OR LIFT & ADULT LESSON PRODUCT

Thredbo offers School Group Teachers a lift only or lift & adult lesson product, **receiving 2 teachers free of charge (FOC)** for every 10 paying students (note: some add-ons are excluded from the FOC allocation)

- Lift pass duration matches student's lift & lesson product duration
- Teachers/Supervisors with School Groups can attend student lessons with the lift only option:
 - This attendance in the student lesson is in a shadow capacity, no instruction provided to the teacher
 - Teachers are required to be above the riding ability of the student lesson they are shadowing
- Teachers/Supervisors can elect the lift & adult lesson product (free when within the FOC ratio of 2:10):
 - Adult lesson: 2hr duration at either 9:15am or 11:20am
 - Please note this is at a different time and meeting location to the student lessons
 - Due to the different start times between adult and student lessons, teachers/supervisors may need to leave the adult lesson early to resume supervision at the conclusion of the student lesson

3. RESORT ACTIVITY DAY PRODUCT (NON-SKIING & NON-SNOWBOARDING SCHOOL GROUP)

Thredbo wants your school group to maximise their time in resort. The below resort activity options are aimed at 1 Day tripper School Groups looking for alternative activities outside of the Thredbo Skiing/Snowboarding program or for schools already booked the Skiing/Snowboarding school program and want an addition morning/day.

- 1 Day activities can be selected from: Gondola Scenic Lift, Alpine Coaster Rides, Thredbo Leisure Centre, Lunch and Clothing or Disc Golf Rental
- **Teacher FOC passes matching student passes are offered at the 2:10 ratio for every 10 paying students**
 - FOC allocation is not valid for add-ons of lunch, mission inflatable and disc golf
- Depending on the number of students, schools may need to split into smaller groups to be accommodated and efficiently progress through each selected activity
- Activity times need to be adhered to, and access will not be allowed outside of the allocated times

Please note for Resort Activity Groups: when visiting the resort for sightseeing or on a resort activity day, ski runs are designated for active Snowsports use only (skiing or snowboarding). Entry onto ski or snowboard runs by individuals not participating in Snowsports creates a significant safety risk, as these areas involve high-speed travel and may include participants with limited ability to avoid obstacles. For your safety and the safety of others, non-skiing/snowboarding guests must remain clear of all marked ski runs. Resort staff may request individuals to relocate if they are found in breach of this condition.
