6. We are not liable to you (on any basis) for any indirect or consequential loss or damage to you.

For your safety it is critical to understand weather and conditions may change rapidly and to be prepared for these possibilities to reduce the risk of exposure and rescues. Assess and know if your hike is within our Thredbo leasehold area or outside, understand it may be a prolonged period of time before help can reach remote locations. To preserve and conserve the longevity of the hiking terrain for others it is each individual's responsibility to follow the Leave No Trace principles.

OBSERVE THE CODE AND SHARE WITH OTHERS THE RESPONSIBILITY FOR A GREAT EXPERIENCE

- If observed extreme weather conditions in forecast reconsider and reevaluate hiking. Utilise common sense if extreme high, low temperatures, wind, snow, hail and thunderstorms will impact the hike.
- Take sufficient water, sun and weather protection into the alpine environment as no water refill stations are available, shaded areas are minimal and shelters are remote.
- Be prepared to turn back; weather changes, fatigue, unexpected conditions and running out of time, you can always come back another day.
- Protect water sources; avoid damaging or altering precious and limited alpine streams and lakes through human activities. This includes swimming.
- Do not stop where you obstruct MTB tracks or vehicle access roads or are not visible from above.
- Observe and obey all signs and warnings.
- Avoid walking alone and let someone know your plans. Trip Intention Forms can be submitted through the NSW National Parks and Wildlife Services website.
- Leave No Trace.
  - Plan ahead and prepare.
  - Travel on durable surfaces – remain on designated walking tracks or travel on surfaces which can tolerate trampling. Much of the alpine ecosystem is fragile and cannot recover from trampling.
  - Dispose of all waste properly – no bins are located on hiking trails; all waste is to be disposed in appropriate locations across Thredbo village.
  - Leave what you find – do not pick or remove anything natural.
  - Respect wildlife – appreciate wildlife through quiet and observation from afar.
  - Minimise campfire impacts, understand and be aware of fire restrictions/bans.
  - Be considerate of hosts and other visitors – remain on left hand side of hiking trails to allow for 2-way traffic and others to pass. Do not play music aloud when hiking.
