

## Logging Into Dayforce

### Introduction

Dayforce is your go-to platform for managing work-related tasks such as pay information, employment engagement offers and personal details.

The easiest way to log in is through a web browser on your phone or computer using this link: <https://dayforce.evt.com>.

### Login Options

There are two options to log into Dayforce and each option uses a separate password or temporary access pass (TAP).

**EVT ELEVATE**

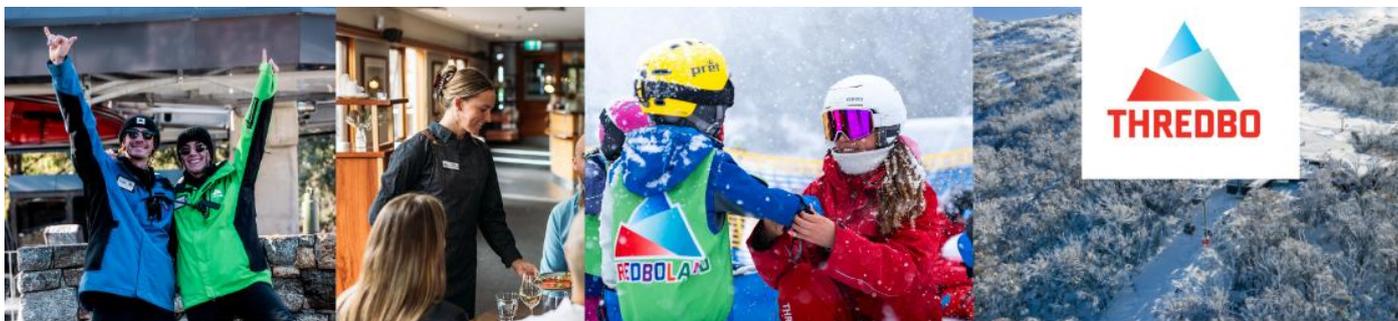

**OPTION ONE** Sign in to Dayforce with EVT One Login

— Or —

**OPTION TWO** Sign with Dayforce username & password

(Company code: EVTElevate)

Please read the following carefully to ensure you choose the right method.

---

## Option 1: EVT One Login (Single Sign On (SSO))

---

*Available to: Active team members only.*

This option uses your EVT One Login, which requires Microsoft Authenticator to be set up. If you experience issues accessing EVT One Login or need a new TAP, please email the Thredbo Helpdesk at [Helpdesk\\_Thredbo@evt.com](mailto:Helpdesk_Thredbo@evt.com).

### *Logging In*

When selecting this option, you will be asked to either pick an account or sign in. Here you will need to either select or enter your ‘...@evt.com’ address. You’ll then be prompted to enter your password, which will be either your TAP password or your computer access password (if you use a company computer).

### *Forgot your Password?*

If your position does not require computer access, your EVT One Login will not have a password to reset. Instead, contact the Thredbo Helpdesk team to request a new TAP.

---

## Option 2: Dayforce Username & Password (Recommended)

---

*Available to: All user (including inactive team members)*

Simply enter your Dayforce username and password to log in.

### *Logging In*

When selecting this option, use the following details to log in:

**Company:** evtelevate

**Username:** Your Employee ID

**Password:** The password you created

### *Forgot your Password?*

When logging in, if you reach the password step, select “Forgot Password”. You’ll be directed to the Reset Password screen. From there, you can choose:

‘User Name’ option - your username is your Employee ID number, or

‘Email’ option - use your ‘...@evt.com’ address.

If you face any issues resetting your Dayforce password, please email the Dayforce Support team at [Dayforce\\_Support@evt.com](mailto:Dayforce_Support@evt.com)

---

## Dayforce Support Team

---

If you experience any issues with your Dayforce account, please contact the Dayforce Support team directly by emailing [Dayforce\\_Support@evt.com](mailto:Dayforce_Support@evt.com). They will be able to assist you with troubleshooting and resolving any account-related issues.
